

Darshana Pansare

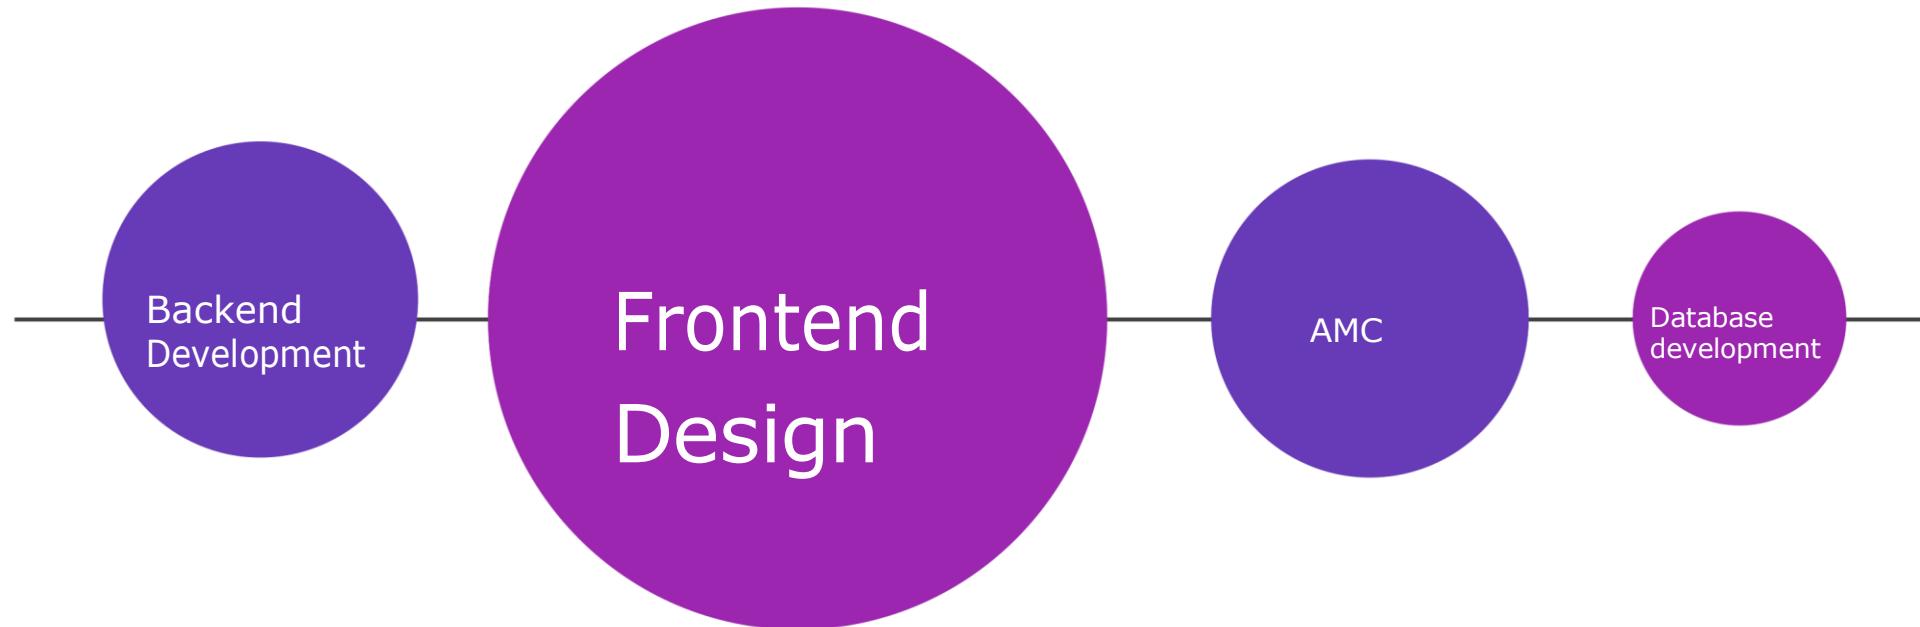

B.E.(IT)

PHP Web Developer | Backend Development | Frontend Design |
HTML Email Design| AMC

About me

I am dedicated PHP Developer with extensive experience in CodeIgniter, MySQL, and MVC architecture. Proficient in developing dynamic and scalable web applications, including custom Admin Panels. Adept at integrating and customizing Content Management Systems (CMS) such as WordPress for seamless website management. With a strong foundation in front-end development, including HTML, CSS, and JavaScript, I ensure that web applications are not only functional but also visually appealing and responsive across all devices. Passionate about delivering high-quality solutions that meet client needs and provide an excellent user experience.

Skills & expertise

HTML | CSS | Javascript| Jquery | Ajax | PHP | Codeigniter | MYSQL | React |
Bootstrap | FTP | XAMPP | VS Code | Dreamviewer | Photoshop | Wordpress

Portfolio samples

IIFA

IIFA - International Awards

<https://www.iifa.com/>

Developed a portal for the IIFA International

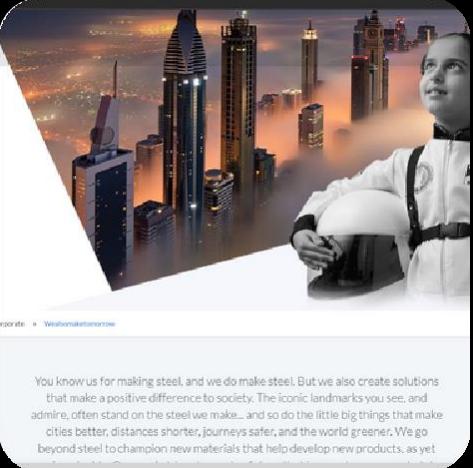

Awards using Codeigniter.

Frontend and Backend design with database creation.

Key Features :-

- Integrated slick slider and owl carousel for interactive media gallery.
- Developed a robust admin panel for managing image and video galleries.
- Integrated CK Editor for easy content management, including media CDN support for uploading images and videos.
- Created a blog page where users could upload blogs with images via the admin panel

A screenshot of the Tata Steel Newsroom page. It shows a portrait of a man in a dark suit and tie, standing with his arms crossed. The page has a blue header with the Tata logo and navigation links like 'Newsroom', 'Press Release', 'Categories', and 'About Us'.

A screenshot of the Nilay Daga NGO website. The banner features a portrait of a smiling man with his hands joined in a greeting, and a group of people above him. The text on the banner reads "इस बाट निलय फिर से" (In this way, Nilay has returned). Below the banner are social media links for Facebook (@NilayDagaNC), Instagram (@nilaydaga), and WhatsApp (+91 7277222772). A section titled "निलय विनोद डागा के बारे में" (About Nilay Vinod Daga) provides information about his birth (10 December 1977) and death (2019). There is also a small photo of him interacting with others.

Tata steel

- Technologies Used: ASP.NET Framework, Umbraco CMS.
- Role & Responsibilities:-
Developed and maintained the corporate section of the website, adhering to the same framework as the existing Tata Steel website.
- Provided Annual Maintenance Contract (AMC) for two years, handling website updates, bug fixes, and performance optimizations.
- Created and maintained the Newsroom page (www.tatasteel.com/newsroom).
- Acted as the primary point of contact for website updates and troubleshooting.

Nilay Daga

URL - <https://nilaydaga.com/>
Responsibilities - Developed a simple HTML-based website for the Nilaydaga NGO, providing essential details about the organization and its mission.

BNGROUP

URL : (www.bn groupindia.com)

Role & Responsibilities :

Revamped the homepage of the BN Group India website, improving the design and user experience through a more modern, responsive layout for website updates and troubleshooting.

TRANSFORMING BRANDS

Join forces with our homegrown marketing and advertising agency in Muscat. With a team of local experts, we specialize in unleashing the potential of promising Omani brands and startups, taking them to the next level.

IN OMAN

Paragon Oman

URL : (www.paragonoman.com/)

Responsibilities: Developed a simple HTML-based website for the Paragonoman brand, focusing on clean, efficient design for user engagement.

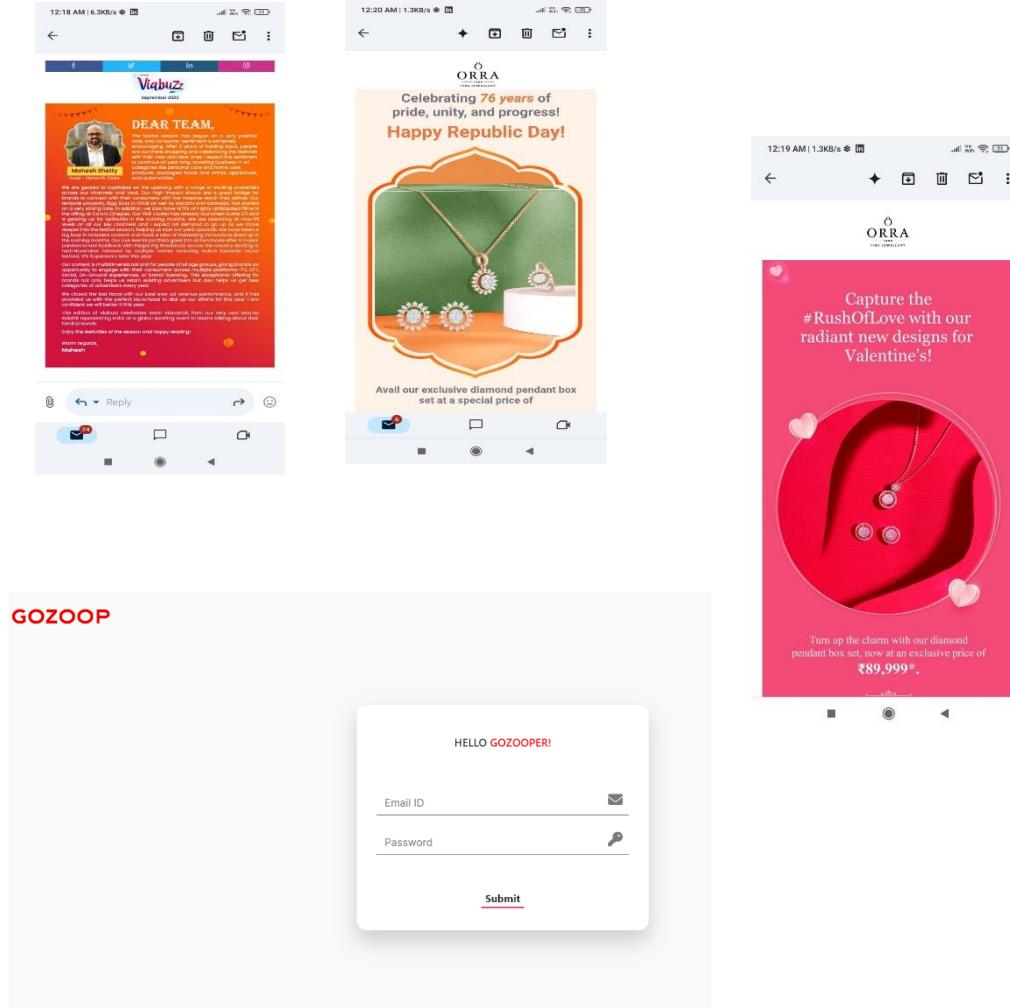

HTML Emailers

Responsibilities :-Designed and developed promotional HTML emailers for various brands, ensuring compatibility across multiple devices and email clients such as DELL, Saint Gobain, Gold Guide, Louis Phillippe, Tata Tele, ORRA and many more.

These Emailers are text based or image based outlook, gmail and mobile responsive with dark and light mode friendly.

360° Feedback Gozoop

Developed the UI for a 360-degree Feedback Portal using HTML and Bootstrap, PHP delivering a clean, responsive design tailored for internal employee evaluations.

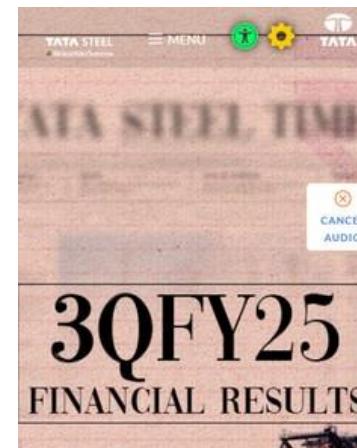

AMC of Websites

Responsibilities :- Maintaining the websites, resolving bugs, and implementing development updates as required

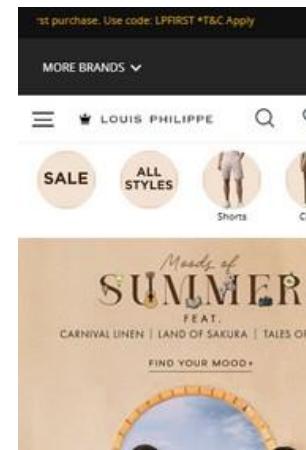

The Nutrica website features a prominent red banner at the top with the text "Jaisa Ghar, Waisa Cooking Oil". Below this, a headline reads "Nurture Your Health with Nutrica". A subtext states: "Because at your home, we ensure that all your needs are taken care off". The Nutrica logo is displayed prominently.

The Tata Steel website displays a large graphic with the text "3QFY25 FINANCIAL RESULTS". Above this, there's a "TICKETS" section featuring a woman in a yellow dress. The top navigation bar includes links for "MENU", "TATA", and "CANCEL AUDIO".

The Simply Fresh website has a blue header with the text "Simply Fresh" and "Fresh Irraade". The main content area features a green field and the text "Showcasing the power of 'fresh iraade' through stories that build the nation". A sidebar on the right shows a woman in a green dress with the text "Sustainable Farming Champion in".

The Louis Philippe website features a "Mood of SUMMER" section with the text "FEAT. CARNIVAL LINEN | LAND OF SAKURA | TALES OF FIND YOUR MOOD+". It includes sections for "SALE", "ALL STYLES", and categories for "Shorts" and "Casual".
